Independent Auditors' Report

To the Board of Directors of METAAGE CORPORATION (ORIGINAL NAME : SYSAGE TECHNOLOGY CO., LTD.):

Opinion

We have audited the consolidated financial statements of METAAGE CORPORATION (ORIGINAL NAME : SYSAGE TECHNOLOGY CO., LTD.) and its subsidiaries ("the Group"), which comprise the consolidated balance sheet as of December 31, 2024 and 2023, the consolidated statement of comprehensive income, changes in equity and cash flows for the years ended December 31, 2024 and 2023, and notes to the consolidated financial statements, including a summary of material accounting policies.

In our opinion, based on our audits and the reports of other auditors (please refer to Other Matter paragraph), the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2024 and 2023, and its consolidated financial performance and its consolidated cash flows for the years ended December 31, 2024 and 2023, in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards ("IFRSs"), International Accounting Standards ("IASs"), interpretation as well as related guidance endorsed by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirement. Based on our audits and the reports of other auditors, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Other Matter

We did not audit the financial statements of certain subsidiaries of the Group and investments accounted for using the equity method. Those financial statements were audited by other auditors. Therefore, our opinion, insofar as it relates to the amounts included for those subsidiaries and investees, is based solely on the reports of other auditors. The total assets of those subsidiaries constituted 4.50% and 1.31% of the total consolidated assets as of December 31, 2024 and 2023, respectively, and the total operating revenue constituted 2.90% and 1.28% of the consolidated operating revenue for the years ended December 31, 2024 and 2023, respectively. In addition, the recognized investments accounted for using the equity method constituted 0.00% and 0.95% of the total consolidated assets as of December 31, 2024 and 2023, respectively, and the recognized shares of profit or loss of associates accounted for using equity method constituted 1.78% and 0.94% of the consolidated loss before tax and consolidated profit before tax for the years ended December 31, 2024 and 2023, respectively.

METAAGE CORPORATION (ORIGINAL NAME : SYSAGE TECHNOLOGY CO., LTD.) has prepared its parent-company-only financial statements as of and for the years ended December 31 2024, on which we have issued an unmodified opinion with other matter paragraph. In addition, METAAGE CORPORATION has prepared its parent-company-only financial statements as of and for the years ended December 31 2023, on which we have issued an unmodified opinion with emphasis of matter and other matter paragraph.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

1. Valuation of inventories

Please refer to Note 4(h) for the accounting policy for inventories, Note 5 for significant accounting assumptions and judgments, and major sources of estimation uncertainty, and Note 6(f) for the details and related expenses for inventories.

Description of key audit matter:

Inventories are measured at the lower of cost or net realizable value. Since information products, such as network and servers, are constantly evolving, and prices impact end-consumers' decisions on expenditure, sales of related products may fluctuate, resulting in a risk that the cost of inventories may exceed their net realizable values. Consequently, the estimate of the net realized value of inventories, dependent on management's subjective judgment, was considered to be a matter of high concern in our audit of the consolidated financial statements.

How the matter was addressed in our audit:

Our audit procedures included evaluating the reasonableness of the Group's policy for recognizing inventory allowances and verifying whether inventory valuation was conducted pursuant to the established accounting policy; reviewing inventory aging reports and analyzing changes in inventory aging; examining inventory sales conditions and assessing the basis for net realizable value adopted, thereby verifying the reasonableness of the estimated net realizable value of inventories and the recognition of the allowance for inventory loss; reviewing whether the Group has appropriately disclosed relevant information regarding inventory valuation.

2. Impairment of goodwill

Please refer to Note 4(m) for the accounting policy on impairment of non-financial assets, Note 5 for significant accounting assumptions and judgments, and major sources of estimation uncertainty, and Note 6(m) for the assessment of impairment of goodwill.

Description of key audit matter:

Goodwill arising from acquisition of subsidiaries is annually subject to impairment test or when there are indications that goodwill may have been impaired. The assessment of the recoverable amount of goodwill involves management's judgment and estimation. Accordingly, the assessment of impairment of goodwill was considered to be a matter of high concern in our audit of the consolidated financial statements.

How the matter was addressed in our audit:

Our audit procedures included obtaining the impairment assessment report provided by external experts commissioned by the management and the goodwill impairment assessment test conducted by the management; reviewing the impairment assessment report and the goodwill impairment assessment test, and evaluating the reasonableness of the valuation methods, parameters, and assumptions used; performing a sensitivity analysis of the test results; and reviewing whether the Group has appropriately disclosed relevant information regarding the goodwill impairment assessment.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers and IFRSs, IASs, IFRC, SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the Audit Committee) are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

- 1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Fu, Hung-Wen and Chuang, Chun-Wei.

KPMG

Taipei, Taiwan (Republic of China) February 26, 2025

Notes to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, financial performance and cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally accepted and applied in the Republic of China.

The independent auditors' audit report and the accompanying consolidated financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors' audit report and consolidated financial statements, the Chinese version shall prevail.

METAAGE CORPORATION (ORIGINAL NAME : SYSAGE TECHNOLOGY CO., LTD.) AND SUBSIDIARIES

Notes to Consolidated Financial Statements

For the years ended December 31, 2024 and 2023

(Expressed in Thousands of New Taiwan Dollars, Unless Otherwise Specified)

(1) Company history

METAAGE CORPORATION ("the Company"), formerly called SYSAGE TECHNOLOGY CO., LTD., was incorporated on April 16, 1998 under the approval of Ministry of Economic Affair, Republic of China ("R.O.C."). The Company changed the name to METAAGE CORPORATION in June, 2022. The address of its registered office is 10F, No. 516, Sec. 1, Neihu Rd., Taipei City 114064, Taiwan (R.O.C.). The consolidated financial statements as of December 31, 2024 consist of the Company and its subsidiaries (collectively as "the Group"), and the interests of associates. The Group's major business activities include distributing and reselling products of software and hardware equipment of ICT Infrastructures from Cisco and other companies, Computing & Data Utilization from Dell and own products from Skytech Gaming, Digitalization from Red hat, Oracle, and other companies, clouds, software and services from Google and other companies. The Group provides integrated planning for the products it sells, including related services of consulting, education and training as well as research, development of software of information applications, services and sales business, and market research.

The Company had acquired 35.09% shares in Brainstorm Corporation ("Brainstorm") from DFI Inc. ("DFI") by cash on October 2, 2023. DFI, and the Company have the same ultimate parent, which is Qisda Corporation. The transactions are an organizational reorganization under common control; please refer to Note 6(h) for details.

(2) Approval date and procedures of the consolidated financial statements:

These consolidated financial statements were authorized for issue by the Board of Directors on February 26, 2025.

(3) New standards, amendments, and interpretations adopted:

(a) The impact of the International Financial Reporting Standards ("IFRSs") endorsed by the Financial Supervisory Commission ("FSC"), R.O.C. which have already been adopted.

The details of impact on the Group's adoption of the new amendments beginning January 1, 2024 are as follows :

(i) Amendments to IAS 7 and IFRS 7 "Supplier Finance Arrangements"

The amendments to IAS 7 and IFRS 7 introduce two new disclosure objectives for an entity to provide information about its supplier finance arrangements that would enable users (investors) to assess the effects of these arrangements on the entity's liabilities and cash flows, and the company's exposure to liquidity risk.

Under the amendments, in addition to disclosing the terms and conditions of such arrangements, the carrying amount of the relevant financial liability and the range of payment due dates, entities also need to disclose the type and effect of non-cash changes in the carrying amounts of the financial liabilities that are part of a supplier finance arrangement.

The amendments also add supplier finance arrangements as an example to the existing disclosure requirements in IFRS 7 on factors an entity might consider when providing specific quantitative liquidity risk disclosures about its financial liabilities.

The Group participates in a supply chain financing arrangement for which the new disclosures will be applied. According to the amendments, the Group needs to disclose additional information about the supplier finance arrangements and how it manages the liquidity risk for these arrangements. Please refer to note 6(0) for further description.

- (ii) The following amendments are not expected to have a significant impact on the Group's consolidated financial statements.
 - Amendments to IAS 1 "Classification of Liabilities as Current or Non-current"
 - Amendments to IAS 1 "Non-current Liabilities with Covenants"
 - Amendments to IFRS 16 "Lease Liability in a Sale and Leaseback"
- (b) The impact of IFRSs endorsed by the FSC but not yet effective

The Group assesses that the adoption of the following new amendments, effective for annual period beginning on January 1, 2025, would not have a significant impact on its consolidated financial statements:

- Amendments to IAS21 "Lack of Exchangeability"
- (c) The impact of IFRSs issued by International Accounting Standards Board ("IASB") but not yet endorsed by the FSC

The following new and amended standards, which may be relevant to the Group, have been issued by the IASB, but have yet to be endorsed by the FSC:

Standards or		Effective date per
Interpretations	Content of amendment	IASB
IFRS 18 "Presentation and	The new standard introduces three	January 1, 2027
Disclosure in Financial	categories of income and expenses, two	
Statements"	income statement subtotals and one single	
	note on management performance	
	measures. The three amendments,	
	combined with enhanced guidance on how	
	to disaggregate information, set the stage	
	for better and more consistent information	
	for users, and will affect all the entities.	

Standards or Interpretations	Content of amendment	Effective date per IASB
IFRS 18 "Presentation and Disclosure in Financial Statements"	 A more structured income statement: under current standards, companies use different formats to present their results, making it difficult for investors to compare financial performance across companies. The new standard promotes a more structured income statement, introducing a newly defined 'operating profit' subtotal and a requirement for all income and expenses to be allocated between three new distinct categories based on a company's main business activities. Management performance measures 	January 1, 2027
	(MPMs): the new standard introduces a definition for management performance measures, and requires companies to explain in a single note to the financial statements why the measure provides useful information, how it is calculated and reconcile it to an amount determined under IFRS Accounting Standards.	
	• Greater disaggregation of information: the new standard includes enhanced guidance on how companies group information in the financial statements. This includes guidance on whether information is included in the primary financial statements or is further disaggregated in the notes.	

The Group is evaluating the impact on its consolidated financial position and consolidated financial performance upon the initial adoption of the abovementioned standards or interpretations. The results thereof will be disclosed when the Group completes its evaluation.

The Group does not expect the following other new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its consolidated financial statements:

- Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets Between an Investor and Its Associate or Joint Venture"
- IFRS 17 "Insurance Contracts" and amendments to IFRS 17 "Insurance Contracts"
- IFRS 19 "Subsidiaries without Public Accountability: Disclosures"

- Amendments to IFRS 9 and IFRS 7 "Amendments to the Classification and Measurement of Financial Instruments"
- Annual Improvements to IFRS Accounting Standards
- Amendments to IFRS 9 and IFRS 7 "Contracts Referencing Nature-dependent Electricity"

(4) Summary of significant accounting policies

The material accounting policies applied in the preparation of these consolidated financial statements are set out as below. Except for those specifically indicated, the following accounting policies have been applied consistently to all periods presented in these financial statements.

(a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers ("the Regulations") and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations endorsed and issued into effect by the Financial Supervisory Commission, R.O.C. ("the IFRSs endorsed by the FSC").

- (b) Basis of preparation
 - (i) Basis of measurement

Except for the following significant accounts, the consolidated financial statements have been prepared on a historical cost basis:

- 1) Financial instruments at fair value through profit or loss are measured at fair value;
- 2) Financial assets at fair value through other comprehensive income are measured at fair value;
- 3) The defined benefit liabilities (assets) are measured at fair value of the plan assets less the present value of the defined benefit obligation.
- (ii) Functional and presentation currency

The functional currency of each individual consolidated entity is determined based on the primary economic environment in which the entity operates. The consolidated financial statements are presented in New Taiwan Dollars, the Company's functional currency. All financial information presented in New Taiwan Dollars has been rounded to the nearest thousand.

(iii) Business combinations under common control

The business combinations under common control often occur as the ownership of the company change to another but they are both controlled by the same ultimate parent company. These combinations are treated as the later of either the earliest comparative period in financial statements or the date under common control to restate comparative information of prior period. Under common control, assets and liabilities are recognized at their original carrying amount. The consolidated financial statements do not recognize the goodwill or the fair value of acquirer's share of the acquiree's interest in the acquiree's identifiable assets, liabilities, and contingent liabilities in excess of the common controlled carrying amount.

In preparing the consolidated balance sheet, the equity from acquisition record as "Equity attributable to former owner of business combination under common control"; In preparing the consolidated statements of comprehensive income, the profit or loss belong to former controlling shareholders record as "profit (loss), attributable to former owner of business combination under common control".

- (c) Basis of consolidation
 - (i) Principle of preparation of the consolidated financial statements

The consolidated financial statements comprise the Company and subsidiaries. Subsidiaries are entities controlled by the Company. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity, and has the ability to affect those returns through its control over the entity.

The financial statements of the subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions are eliminated in preparing the consolidated financial statements. Losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance.

Subsidiaries' financial statements are adjusted to align the accounting policies with those of the Group.

Changes in the Group's ownership interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions. The difference between the adjustment of the non-controlling interests and the fair value of the consideration paid or received is recognized directly in equity and attributed to the shareholders of the Company.

When the Group loses control of its subsidiaries, the assets (including goodwill) and liabilities and any non-controlling interests of the former subsidiary at their carrying amounts at the date when control is lost will be derecognized and any investment retained in the former subsidiary at its fair value at the date when control is lost will be remeasured in the consolidated financial statement. The difference of disposal gain or loss is between the aggregate of (i) the fair value of the consideration received and any investment retained in the former subsidiary at its fair value at the date when control is lost and (ii) the assets (including goodwill) and liabilities and any non-controlling interests of the former subsidiary at their carrying amounts at the date when control is lost. When the Group loses control of its subsidiary, it accounts for all amounts previously recognized in other comprehensive income in relation to that subsidiary on the same basis as would be required if it had directly disposed of the related assets or liabilities.

(ii) List of subsidiaries in the consolidated financial statements

			Shareh

- Note 1: On October 2, 2023, the Group had acquired a total of 35.09% of common shares and preferred shares of Brainstorm from DFI by cash. It resulted in the Group to hold 55.29% of the voting rights at the shareholders' meeting and obtain the control based on Brainstorm's Article of Incorporation. Please refer to Note 5 for details. This transaction is an organizational reorganization under common control, adopted the book value method and regarded as a combination from beginning.
- Note 2: On January 15, 2024, the Group had acquired the shares of GRANDSYS in cash after which it held 40.15% of the voting shares of GRANDSYS and became its single largest shareholder. Although the Group owns less than 50% of GRANDSYS's voting shares, but the other 59.85% of voting shares are dispersed, and the participation degree of other shareholders on the shareholder's meeting indicated that the Group actually have influence to direct the decision, while there is no indication of agreement requesting all other shareholders to exercise their votes collectively. Thus, the management has determined that the Group controls the entity and its subsidiaries, please refer to note 5.

Note 3: On August 1, 2024, the Group acquired 100% of the shares of Owl through a cash transaction, thereby gaining control over the company.

- (d) Foreign currency transactions and operations
 - (i) Foreign currency transactions

Transactions in foreign currencies are translated into the respective functional currencies of the Group entities at the exchange rates at the dates of the transactions. At the end of each subsequent reporting period ("the reporting date") monetary items denominated in foreign currencies are translated into the functional currencies using the exchange rate at that date. Non-monetary items denominated in foreign currencies that are measured at fair value are translated into the functional currencies using the exchange rate at the date that the fair value was determined. Non-monetary items denominated in foreign currencies measured based on historical cost are translated using the exchange rate at the date of transaction.

(ii) Foreign operations

The assets and liabilities of foreign operations, including goodwill and fair value adjustments arising on acquisition, are translated into the presentation currency at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into the presentation currency at the average exchange rate. Exchange differences are recognized in other comprehensive income.

When a foreign operation is disposed of such that control, significant influence, or joint control is lost, the cumulative amount in the translation reserve related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal. When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation while retaining control, the relevant proportion of the cumulative amount is reattributed to non-controlling interests. When the Group disposes of only part of its investment in an associate or joint venture that includes a foreign operation while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

(e) Classification of current and non-current assets and liabilities

The Group classifies the asset as current under one of the following criteria, and all other assets are classified as non-current.

- (i) It is expected to be realized, or intended to be sold or consumed, in the normal operating cycle;
- (ii) It is held primarily for the purpose of trading;
- (iii) It is expected to be realized within twelve months after the reporting period; or
- (iv) The asset is cash or a cash equivalent (as defined in IAS 7) unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Group classifies the liability as current under one of the following criteria, and all other liabilities are classified as non-current.

- (i) It is expected to be settled in the normal operating cycle;
- (ii) It is held primarily for the purpose of trading;
- (iii) It is due to be settled within twelve months after the reporting period; or
- (iv) The Group does not have the right at the end of the reporting period to defer settlement of the liability for at least twelve months after the reporting period.

(f) Cash and cash equivalents

Cash comprises cash on hand and deposits. Cash equivalents comprise short-term highly liquid investments that are readily convertible into known amount of cash and are subject to an insignificant risk of changes in their fair value. Time deposits which meet the above definition and are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes should be recognized as cash equivalents.

(g) Financial instruments

Accounts receivables issued are initially recognized when they are originated. All other financialassets and financial liabilities are initially recognized when the Group becomes a party to the contractual provisions of the instrument. A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value, plus, for an item not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to its acquisition or issue. An account receivable without a significant financing component is initially measured at the transaction price.

(i) Financial assets

All regular way purchases or sales of financial assets are recognized derecognized on a trade date and settle date basis.

On initial recognition, a financial asset is classified as measured at amortized cost, fair value through other comprehensive income ("FVOCI"), or FVTPL. Financial assets are not reclassified subsequent to their initial recognition unless the Group changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

1) Financial assets measured at amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as measured at fair value through profit or loss:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset measured at amortized cost is initially recognized at fair value, plus/minus the cumulative amortization using the effective interest method, and adjusted for any loss allowance. Interest income, foreign exchange gains and losses, and impairment losses are recognized in profit or loss. Any gain or loss on derecognition is recognized in profit or loss.

2) FVOCI

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive income. This election is made on an instrument-by-instrument basis.

The equity investments are subsequently measured at fair value. Dividends are recognized as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never reclassified to profit or loss.

Dividend income is recognized in profit or loss on the date on which the Group's right to receive payment is established. The above date is usually the ex-dividend date.

3) FVTPL

All financial assets not classified as amortized cost or FVOCI described as above are measured at FVTPL, including derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset, which meets the requirements to be measured at amortized cost or at FVOCI, as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise. These assets are subsequently measured at fair value.

Net gains and losses, including any dividend and interest income, are recognized in profit or loss.

4) Impairment of financial assets

The Group recognizes loss allowances for expected credit losses ("ECL") on financial assets measured at amortized cost (including cash and cash equivalents, notes and accounts receivable, other receivables, refundable deposits and other financial assets).

The Group measures loss allowances at an amount equal to lifetime ECL, except for the following which are measured as 12-month ECL:

- · debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowance for accounts receivables are always measured at an amount equal to lifetime ECL.

Lifetime ECL are the ECL that result from all possible default events over the expected life of a financial instrument.

12-month ECL are the portion of ECL that result from default events that are possible within the 12-month after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECL is the maximum contractual period over which the Group is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECL, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on the Group's historical experience and informed credit assessment as well as forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly once it is past due.

The Group considers a financial asset to be in default when the financial asset is more than 120 days past due or the debtor is unlikely to pay its credit obligations to the Group in full.

ECL are probability-weighted estimate of credit losses over the expected life of financial assets. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive). ECL are discounted at the effective interest rate of the financial asset.

At each reporting date, the Group assesses whether financial assets carried at amortized cost are credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired includes the following observable data:

- · significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 120 days past due;
- the lender of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession that the lender would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganization; or
- the disappearance of an active market for that financial asset because of financial difficulties.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

The gross carrying amount of a financial asset is written off when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. The Group individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Group expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group's procedures for recovery of amounts due.

5) Derecognition of financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Group enters into transactions whereby it transfers assets recognized in its statement of balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognized.

- (ii) Financial liabilities and equity instruments
 - 1) Classification of debt or equity

Debt or equity instruments issued by the Group are classified as financial liabilities or equity in accordance with the substance of the contractual agreement and the definitions of a financial liability and an equity instrument.

2) Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recognized at the amount of consideration received less the direct issuing cost.

3) Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is held for trading, it is a derivative, or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

4) Derecognition of financial liabilities

The Group derecognizes a financial liability when its contractual obligation has been discharged, cancelled or expired. The Group also derecognizes a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognized at fair value.

The difference between the carrying amount of a financial liability derecognized and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognized in profit or loss.

5) Offsetting of financial assets and liabilities

Financial assets and financial liabilities are offset and the net amount presented in the statement of balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

(iii) Derivative financial instruments

Derivatives held for hedging risk exposure to currency and interest rate are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are recognized in profit or loss.

(h) Inventories

Inventories are measured at the lower of cost or net realizable value. The costs of inventories weighted-average principle include expenditure incurred in acquiring the inventories and other costs incurred in bringing them to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less, the estimated costs of completion and selling expenses.

(i) Investment in associates

Associates are those entities in which the Group has significant influence, but not control, over their financial and operating policies.

Investments in associates are accounted for using the equity method and are recognized initially at cost. The cost of the investment includes transaction costs. The carrying amount of the investment in associates includes goodwill arising from the acquisition, less, any accumulated impairment losses.

The consolidated financial reports include the Group's share of the profit or loss and other comprehensive income of those associates, after adjustments to align their accounting policies with those of the Group from the date on which significant influence commences until the date on which significant influence ceases. When an associate's equity changes due to reasons other than profit and loss or comprehensive income, which did not result in changes of the Group's shareholding percentage in the associate, the Group recognizes equity changes attributable to the Group by its shareholding percentage as capital surplus.

Unrealized gains and losses resulting from transactions between the Group and an associate are recognized only to the extent of unrelated party's interests in the associate.

When the Group's share of losses of an associate equal or exceed its interest in an associate, it discontinues recognizing its share of further losses. After the recognized interest is reduced to zero, additional losses are provided for, and a liability is recognized, only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

The Group discontinues the use of the equity method and measures the retained interest at fair value from the date when its investment ceases to be an associate. The difference between the fair value of retained interest and proceeds from disposing, and the carrying amount of the investment at the date the equity method was discontinued is recognized in profit or loss. The Group accounts for all the amounts previously recognized in other comprehensive income in relation to that investment on the same basis as would have been required if the associates had directly disposed of the related assets or liabilities. If a gain or loss previously recognized in other comprehensive income would be reclassified to profit or loss (or retained earnings) on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (or retained earnings) when the equity method is discontinued. If the Group's ownership interest in an associate is reduced while it continues to apply the equity method, the Group reclassifies the proportion of the gain or loss that had previously been recognized in other comprehensive income relating to that reduction in ownership interest to profit or loss.

When the Group subscribes to additional shares in an associate at a percentage different from its existing ownership percentage, the resulting carrying amount of the investment will differ from the amount of the Group's proportionate interest in the net assets of the associate. The Group records such a difference as an adjustment to investments, with the corresponding amount charged or credited to capital surplus. The aforesaid adjustment should first be adjusted under capital surplus. If the capital surplus resulting from changes in ownership interest is not sufficient, the remaining difference is debited to retained earnings. If the Group's ownership interest is reduced due to the additional subscription to the shares of the associate by other investors, the proportionate amount of the gains or losses previously recognized in other comprehensive income in relation to that associate will be reclassified to profit or loss on the same basis as would be required if the associate had directly disposed of the related assets or liabilities.

- (j) Property, plant and equipment
 - (i) Recognition and measurement

Items of property, plant, and equipment are measured at cost, which includes capitalized borrowing cost, less accumulated depreciation and any accumulated impairment losses.

If significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

(ii) Subsequent costs

Subsequent expenditure is capitalized only when it is probable that the future economic benefits associated with the expenditure will flow to the Group.

(iii) Depreciation

Depreciation is calculated on the cost of assets less their residual values and is recognized in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant, and equipment.

Land is not depreciated.

The estimated useful lives for the current and comparative years of significant items of property, plant, and equipment are as follows:

- 1) Buildings and improvements: 50 years
- 2) Office and other equipment: 2 to 15 years

Depreciation methods, useful lives and residual values are reviewed at each annual reporting date and adjusted if appropriate.

(k) Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(i) As a leasee

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be reliably determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- payments or penalties for purchase or termination options that are reasonably certain to be exercised.

The lease liability is subsequently measured at amortized cost using the effective interest method. It is remeasured when:

- there is a change in future lease payments arising from the change in an index or rate; or
- there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee; or
- there is a change in the assessment of whether it will have the option to exercise a purchase; or
- there is a change in its assessment of whether it will exercise an extension or termination option; or
- there is any lease modification in lease subject, scope of the lease, or other terms.

When the lease liability is remeasured, other than lease modifications, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or in profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

When the lease liability is remeasured to reflect the partial or full termination of the lease for lease modifications that decrease the scope of the lease, the Group accounts for the remeasurement of the lease liability by decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease, and recognize the difference in profit or loss any gain or loss relating to the partial or full termination of the lease.

The Group presents right-of-use assets that do not meet the definition of investment and lease liabilities as a separate line item respectively in the balance sheets.

The Group has elected not to recognize right of use assets and lease liabilities for short term leases of office equipment of low value assets, The Group recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(ii) As a leasor

When the Group acts as a lessor, it determines at lease commencement whether each lease is a finance lease or an operating lease. To classify each lease, the Group makes an overall assessment of whether the lease transfers to the lessee substantially all of the risks and rewards of ownership incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease; if not, then the lease is an operating lease. As part of this assessment, the Group considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Group applies IFRS15 to allocate the consideration in the contract.

For operating lease, the Group recognizes rental income on a straight-line basis over the lease term.

The Group recognizes a finance lease receivable at an amount equal to its net investment in the lease. Initial direct costs, such as lessors to negotiate and arrange a lease, are included in the measurement of the net investment. The interest income is recognized over the lease term based on a pattern reflecting a constant periodic rate of return on the net investment in the lease. The Group recognizes lease payments received under operating leases as income on a straight-line basis over the lease term as part of "other income".

(1) Intangible assets

(i) Recognition and measurement

Goodwill arising on the acquisition of subsidiaries is measured at cost, less accumulated impairment losses.

Other intangible assets, including customer relationships, patents and trademarks, that are acquired by the Group and have finite useful lives are measured at cost less accumulated amortization and any accumulated impairment losses.

(ii) Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognized in profit or loss as incurred.

(iii) Amortization

Amortization is calculated over the cost of the asset, less its residual value, and is recognized in profit or loss on a straight-line basis over the estimated useful lives of intangible assets, other than goodwill, from the date that they are available for use.

The estimated useful lives for current and comparative periods are as follows:

- 1) Trademarks and patents: 10 years
- 2) Customer relationships and other: 3 to 13.96 years

Amortization methods, useful lives and residual values are reviewed at each annual reporting date and adjusted if appropriate.

(m) Impairment of non-derivative financial assets

At each reporting date, the Group reviews the carrying amounts of its non-financial assets (other than inventories, contract assets and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units (CGUs). Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its recoverable amount. Impairment losses are recognized in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

(n) Revenue from contracts with customers

Revenue is measured basing on the consideration to which the Group expects to be entitled in exchange for transferring goods or services to a customer. The Group recognizes revenue when it satisfies a performance obligation by transferring control of a good or a service to a customer. The following is a description of the Group's major revenues:

(i) Sale of goods

Revenue is recognized when the control over a product has been transferred to the customer. When the products are delivered to the customer, the customer has full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted the products in accordance with the sales contract, the acceptance provisions have lapsed, or the Group has objective evidence that all criteria for acceptance have been satisfied.

A receivable is recognized when the goods are delivered as this is the point in time that the Group has a right to an amount of consideration that is unconditional. Advance sales receipts are recognized as contract liabilities and are transferred to revenue upon the delivery of goods.

The Group offers sales discounts to its customers, with the revenue from these sales being recognized based on the price specified in the contract, net of the estimated sales discounts. The sales discounts are estimated based on the discount rate stated in the contract, wherein the revenue is only recognized to the extent that it is highly probable that a significant reversal will not occur, and the contract liability is accounted for as expected sales discounts payable to customers in relation to sales.

The Group grants its customers the right to return the product, in which the Group deducts its revenue by the amount of expected returns and recognizes a refund liability and a right to the returned goods. Accumulated experience is used to estimate such returns at the time of sale at a portfolio level (expected value method), and it is highly probable that a significant reversal in the cumulative revenue recognized will not occur. At each reporting date, the Group reassesses the estimated amounts of expected returns.

(ii) Services

The Group provides installation and maintenance services on hardware and software. The recognition of the revenue generated was based on the progress towards completing the transaction recognized by the two parties as of the reporting date.

The Group provides services, such as information system management, design, introduction, application customization, consulting and so forth to customers. The customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs. Revenue from providing services is recognized when services are rendered.

(iii) Market research and survey services

The Group provides services, such as market research and opinion survey. Revenue was recognized when the progress towards complete satisfaction of performance obligations.

Estimates of revenues, costs, or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit or loss in the period in which the circumstances that give rise to the revision become known by the management.

In case of fixed-price contracts, the customer pays the fixed amount based on a payment schedule. If the services rendered by the Group exceed the payment, a contract asset is recognized. If the payments exceed the services rendered, a contract liability is recognized.

(iv) License

The licensing revenue of the Group is recognized over time within a fixed license period. If the customers' payments exceed the recognized revenue, a contract liability is recognized.

(v) Financing components

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

(o) Government grants and government assistance

Grants that compensate the Group for expenses or losses incurred are recognized in profit or loss on a systematic basis in the periods in which the expenses or losses are recognized. The Group recognizes an unconditional government grant in profit or loss as other gains and losses when the grant becomes receivable.

- (p) Employee benefits
 - (i) Defined contribution plans

Obligations for contributions to defined contribution pension plans are recognized as an employee benefit expense in profit or loss in the periods during which services are rendered by employees.

(ii) Defined benefit plans

The Group's net obligation in respect of the defined benefit plans is calculated separately for each the plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income, and accumulated in retained earnings within equity. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service cost or the gain or loss on curtailment is recognized immediately in profit or loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

(iii) Short-term employee benefits

Short-term employee benefit obligations are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(q) Income taxes

Income taxes include both current taxes and deferred taxes. Except for expenses related to business combinations, or recognized directly in equity or other comprehensive income, all current and deferred taxes are recognized in profit or loss.

Current taxes comprise the expected tax payables or receivables on the taxable profits (losses) for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payables or receivables are measured using tax rates enacted or substantively enacted at the reporting date.

Deferred income taxes are recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred taxes are not recognized for the following exceptions:

- (i) temporary differences on the initial recognition of assets and liabilities in a transaction that is not a business combination and at the time of the transaction affects neither accounting nor taxable profits (losses) and does not give rise to equal taxable and deductible temporary differences.
- (ii) temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- (iii) taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognized for the carry forward of unused tax losses, unused tax credits, and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefits will be realized; such reduction are reversed when the probability of future taxable profits improves.

Deferred taxes are measured at tax rates that are expected to be applied to temporary differences when they reserve, using tax rates enacted or substantively enacted on the reporting date.

Deferred tax assets and liabilities may be offset against each other if the following criteria are met:

- (i) the Group has a legally enforceable right to set off current tax assets against current tax liabilities; and
- (ii) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on either:
 - 1) the same taxable entity; or
 - 2) different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realize the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

(r) Business combination

The Group accounts for business combinations using the acquisition method. The goodwill arising from an acquisition is measured as the excess of (i) the consideration transferred (which is generally measured at fair value) and (ii) the amount of non-controlling interest in the acquiree, both over the identifiable net assets acquired at the acquisition date. If the amount calculated above is a deficit balance, the Group recognized that amount as a gain on a bargain purchase in profit or loss immediately after reassessing whether it has correctly identified all of the assets acquired and all of the liabilities assumed.

All acquisition-related transaction costs incurred are expensed as incurred, except for the issuance of debt or equity instruments.

For each business combination, the Group measures any non-controlling equity interest in the acquiree at the non-controlling interest's proportionate share of the acquiree's identifiable net assets, if the non-controlling interests are present ownership interests and entitle their holders to a proportionate share of the acquire's net assets in the event of liquidation. Other components of non-controlling interest are measured at their acquisition date fair values, unless another measurement basis is required by the IFRSs endorsed by FSC.

In a business combination achieved in stages, the Group remeasures its previously held equity interest in the acquiree at its acquisition-date fair value, and recognizes the resulting gain or loss, if any, in profit or loss. In prior reporting periods, the Group may have recognized changes in the value of its equity interest in the acquiree in other comprehensive income. If so, the amount that was recognized in other comprehensive income will be recognized on the same basis as would be required if the Group had disposed directly of the previously held equity interest. If the disposal of the equity interest required a reclassification to profit or loss, such an amount will be reclassified to profit or loss.

(s) Earnings per share

The Group discloses the Company's basic and diluted earnings per share attributable to ordinary equity holders. The calculation of basic earnings per share is basic on the profit attributable to ordinary shareholders of the Company divided by the weighted-average number of ordinary shares outstanding. The calculation of diluted earnings per share is basic on the profit attributable to ordinary shareholders of the Company divided by the weighted-average number of ordinary shares outstanding after adjustment for the effects of all dilutive potential ordinary shares. Dilutive potential ordinary shares comprise accrued employee remuneration.

(t) Operating segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Group). The operating results of all operating segments are regularly reviewed by The Group's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance. Each operating segment has its financial information.

(5) Significant accounting assumptions and judgments, and major sources of estimation uncertainty:

In preparing these consolidated financial statements, management has made judgments and estimates about the future, including climate-related risks and opportunities, that affect the application of the accounting policies and the reported amount of assets, liabilities, income, and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis and are consistent with the Group's risk management and climate-related commitments where appropriate. Revisions to estimates are recognised prospectively in the period of the change and future periods.

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognized in the consolidated financial statements is as follows:

Judgment of whether the Group has substantive control over its investees

- (a) The Group holds a total of 35.09% of common shares and preferred shares in Brainstorm, making it to be the sole largest shareholder of the entity. It resulted in the Group to hold 55.29% of the voting rights at the shareholders' meeting and obtain substantive control based on Brainstorm's Article of Incorporation. Hence, Brainstorm has been included in the Group's consolidated financial statements.
- (b) The Group holds 34.09% of the voting shares and is the sole largest shareholder of ADVANCEDTEK INTERNATIONAL. Although the Group did not own more than half of the voting rights of the company, the Group owns more than half of their total number of directors of the Board; therefore, it is determined that the Group has substantive control over the entity. Hence, the company has been included in the Group's consolidated financial statements.
- (c) The Group holds 35.01% of the voting shares and is the sole largest shareholder of STATINC. Although the Group did not own more than half of the voting rights of the company, the Group owns more than half of their total number of directors of the Board; therefore, it is determined that the Group has substantive control over the entity. Hence, the company has been included in the Group's consolidated financial statements.

- (d) The Group held 40.15% of the voting shares of GRANDSYS and became its single largest shareholder. Although the Group owns less than 50% of GRANDSYS's voting shares, but the other 59.85% of voting shares are dispersed, and the participation degree of other shareholders on the shareholder's meeting indicated that the Group actually have influence to direct the decision, while there is no indication of agreement requesting all other shareholders to exercise their votes collectively. Thus, the Group regards GRANDSYS as its subsidiary.
- (e) As the single largest shareholder, the Group holds 19.15% of the voting shares of DYNASAFE TECHNOLOGIES, INC. ("DYNASAFE"). Although the remaining 80.85% shares of DYNASAFE are concentrated within specific shareholders, the Group still cannot obtain more than half of the Board of directors of DYNASAFE. Therefore, it is determined that the Group would not have a significant impact on DYNASAFE.

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities at the reporting date within the next financial year is as follows:

(a) Valuation of inventories

As inventories are measured at the lower of cost or net realizable value, the Group estimates the net realizable value of inventories for normal loss, obsolescence and unmarketable items at the end of the reporting period and then writes down the cost of inventories to net realizable value. The net realizable value of the inventory is mainly based on assumptions as to future demand within a specific time horizon. Due to the rapid industrial transformation, there may be significant changes in the net realizable value of inventories. Please refer to note 6(f) for the valuation of inventories.

(b) Impairment of goodwill

The assessment of impairment of goodwill requires the Group to make subjective judgments to identify CGU, allocate the goodwill to relevant CGU, and estimate the recoverable amount of relevant CGU. Any changes in these estimates base on changed economic conditions or business strategies could result in significant adjustments.

Valuation process

The Group's accounting policies and disclosure include measuring financial and non financial assets and liabilities at fair value through profit or loss. The Group's financial instrument valuation group conducts independent verification on fair value by using data sources that are independent, reliable, and representative of exercise prices. This financial instrument valuation also periodically adjusts valuation models, conducts back testing, renews input data for valuation models, and makes all other necessary fair value adjustments to assure the rationality of fair value.

The Group strives to use market observable inputs when measuring assets and liabilities. Different levels of the fair value hierarchy to be used in determining the fair value of financial instruments are as follows:

- · Level 1:quoted prices (unadjusted) in active markets for identified assets or liabilities.
- Level 2:inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- · Level 3:input for the asset or liability is not based on the observable market information.

For any transfer within the fair value hierarchy, the impact of the transfer is recognized on the reporting date.

(6) Explanation of significant accounts:

(a) Cash and cash equivalents

	December 31, 2024	December 31, 2023	
Cash on hand and petty cash	\$ 436	346	
Check and demand deposits	1,289,620	811,322	
Time deposits	90,936	94,793	
	\$ <u>1,380,992</u>	906,461	

(b) Financial assets and liabilities at fair value through profit or loss

(i) Details are set out in the following table:

	December 31, 2024		December 31, 2023	
Financial assets at fair value through profit or loss:				
Current:				
Pre-purchased forward exchange contracts	\$	16,026	378	
Non-current:				
Foreign and domestic unlisted stocks		586,489	453,931	
Foreign and domestic unlisted equities		214,419	239,126	
Total	\$	816,934	693,435	

METAAGE CORPORATION (ORIGINAL NAME : SYSAGE TECHNOLOGY CO., LTD.) AND SUBSIDIARIES

Notes to the Consolidated Financial Statements

	December 31, 2024	December 31, 2023
Financial liabilities at fair value through profit or loss:		
Current:		
Pre-purchased/Pre-sold forward exchange contracts	\$ <u>(20</u>) <u>(21,994</u>)

As of December 31, 2023, the contingent consideration balance for the Group's mergers with COREX and DSIGroup was \$0 thousand. The contingent considerations were generated from the merger of COREX, the Partner Tech's sale and purchase agreement and the related accessory contracts from the prior year, and the merger of DSIGroup. Under the contingent consideration arrangement, the contingent consideration was estimated by the discounted cash flow method based on the future profitability of each subsidiary. The contingent consideration arrangement arising from the Group's merger with DSIGroup has expired and rendered void on December 31, 2023. On July 31, 2024, the Group terminated the related ancillary agreements assumed during the acquisition of COREX. Consequently, the contingent consideration agreements were also terminated and rendered void on the same day.

(ii) Derivative financial instruments are used to hedge assets or liabilities denominated in foreign currencies for risks arising from exchange rate fluctuations. The following table sets out the Group's derivatives recognized as held-for-trading financial assets and liabilities to which hedging accounting was not applicable:

	December 31, 2024			
Financial instruments	Nominal amounts	Maturity period	Pre-agreed exchange rate	
Pre-purchased forward exchange contracts				
Buy USD/Sell NTD	· · · · · · · · · · · · · · · · · · ·	2025.01.01~ 1 2025.03.19	31.704~32.725	
Buy USD/Sell ZAR	· · · · · · · · · · · · · · · · · · ·	2025.01.06~ 1 2025.01.13	17.725~18.158	

	December 31, 2023

- (iii) As of December 31, 2024 and 2023, none of financial assets at fair value through profit or loss was pledged as collateral, or otherwise subject to any restriction.
- (c) Financial assets at fair value through other comprehensive income

		cember 31, 2024	December 31, 2023	
Non-current financial assets at fair value through other comprehensive income				
Stock listed on domestic emerging markets	\$	123,149	-	
Domestic unlisted stocks		1,970	118,189	
	<u>\$</u>	125,119	118,189	

- (i) In June 2023, the Group invested the amount of \$74,830 thousand in High Performance Information Co. Ltd.. The Group designated the investments shown above as equity securities at fair value through other comprehensive income because these equity securities represent those investments that the Group intends to hold for the long term for strategic instead of trading purposes.
- (ii) For the years ended December 31, 2024 and 2023, the dividends of \$4,276 thousand and \$0 thousand, related to equity investments at fair value through other comprehensive income were recognized as dividend income, respectively.
- (iii) There were no disposals of strategic investments and transfers of any cumulative gain or loss within equity relating to these investments for the years ended December 31, 2024 and 2023.
- (iv) As of December 31, 2024 and 2023, none of financial assets at fair value through other comprehensive income was pledged as collateral, or otherwise subject to any restriction.

(d) Notes and accounts receivable (including long-term and related parties)

	De	cember 31, 2024	December 31, 2023	
Notes receivable (including long-term)	\$	115,872	95,607	
Accounts receivable (including long-term)		2,826,238	2,958,111	
Accounts receivable due from related parties		92,438	61,574	
Less: loss allowance		(32,400)	(27,499)	
Total	<u>\$</u>	3,002,148	3,087,793	
Current	\$	2,955,733	3,069,768	
Non-current		46,415	18,025	
Total	\$ <u></u>	3,002,148	3,087,793	

- (i) The Group did not discount or provide any of the notes and accounts receivable (including long-term and related parties) as collateral. The above-mentioned notes and accounts receivable, whose maturity period were less than one year, were not discounted and their carrying amounts were presumed to approximate their fair value.
- (ii) Non-current notes and accounts receivable mainly arose from installment sales.
- (iii) The Group applies the simplified approach to provide for its expected credit losses ("ECL"), the use of lifetime ECL provision for all notes and accounts receivables (including long-term and related parties). To measure the ECL, notes and accounts receivable have been grouped based on shared credit risk characteristics and customer's ability to pay all the amounts due based on the terms of the contract as well as incorporated forward-looking information. The analysis of ECL on notes and accounts receivable was as follows:

	December 31, 2024			
	amo an	ross carry ount of notes d accounts eceivable	Weighted- average loss rate	Loss allowance for lifetime expected credit losses
Current	\$	2,790,845	0.06%	1,640

Less: loss allowance		(630)	(1,930)
	\$	3,361	13,947

(i) As of December 31, 2024 and 2023, there was no other receivables that was past due but not impaired.

(ii) The movements in the loss allowance for other receivables were as follows:

	For the years ended December 3		
		2024	2023
Beginning balance	\$	1,930	1,563
Write-offs of uncollectible amount for the period		(1,170)	-
Transferred from accounts receivable		-	367
Transferred to accounts receivable		(130)	-
Ending balance	\$	630	1,930
Inventories			

	December 31, 2024	December 31, 2023
Merchandise inventory	\$ <u>4,875,385</u>	4,432,864

For the years ended December 31, 2024 and 2023, due to the write-down of inventories to net realizable value, a loss of \$305,008 thousand and \$31,093 thousand on the decline in value of inventories, respectively, were recognized and reported as operating costs.

(g) Investments accounted for using equity method

(f)

Investments accounted for using the equity method were as follows:

	December 31, 2024	December 31, 2023
Associates	\$ <u>1,953</u>	116,633

(i) The Group originally held 20.96% of the voting shares of GRANDSYS and therefore had a significant influence on the company and thus adopted the equity method. On January 15, 2024 (acquisition date), \$5,170 thousand ordinary shares (19.19% of voting shares) were purchased from its original shareholders by the Group in cash amounting to \$192,066 thousand and a total of 40.15% of voting shares were acquired. It is evaluated that the Group has control over GRANDSYS and its subsidiaries, and which are included in the consolidated financial report. For more details, please refer to Note 6(h). The Group's previously held 20.96% ownership of GRANDSYS was remeasured to fair value at the acquisition date, and recognized gain on disposal of investments accounted for using equity method amounted to \$44,823 thousand, which was recognized as other gains and losses.

(ii) Aggregate financial information of associates for using equity method that were not individually material was summarized as follows. The financial information was included in the Group's consolidated financial statements.

	For the years ended December 31			
		2024		
Attributable to the Group:				
Profit (Loss)	\$	(1,156)	5,861	
Other comprehensive income		(274)	561	
Total comprehensive income	\$	(1,430)	6,422	

- (iii) As of December 31, 2024 and 2023, none of the investments accounted for using the equity method was pledged as collateral, or otherwise subject to any restriction.
- (h) Business combinations
 - (i) Acquisition of the subsidiary-GRANDSYS and its subsidiaries
 - 1) Acquisition of consideration transferred of the subsidiary

The Group originally held 20.96% of the voting shares of GRANDSYS. On January 15, 2024 (acquisition date), \$5,170 thousand ordinary shares (19.19% of voting shares) were purchased from its original shareholders by the Group in cash amounting to \$192,066 thousand and a total of 40.15% of voting shares were acquired. Upon the trading completion, the Group is its single largest shareholder and has the ability to lead one-sided decision in the relevant activities, thereby gaining control over GRANDSYS and its subsidiaries while including it as a consolidated entity from the acquisition date, please refer to note 5. The main services provided by GRANDSYS are voice recognition applications for enterprise customer, big data analytics, CRM applications, and cloud applications. The Group acquired GRANDSYS for the purpose to expand the market of AI intelligent services applications in order to respond to long-term operational development and to achieve synergies of combination.

2) Identifiable net assets acquired

The following table summarized the fair value of GRANDSYS and its subsidiaries identifiable assets acquired and liabilities assumed recognized at January 15, 2024:

Consideration transferred:			
Cash		\$	192,066
Fair value of pre-existing interests in GRANDS	SYS		157,675
Non-controlling interests			270,917
Fair value of identifiable assets and liabilities assumed:			
Cash and cash equivalents	\$	256,671	
Current contract assets		25,352	
Notes and accounts receivable, net		37,251	
Inventories		11,862	
Other current assets		64,826	
Property, plant and equipment		4,205	
Right-of-use assets		13,731	
Intangible assets		151,592	
Deferred income tax assets		6,061	
Other non-current assets		13,679	
Short-term borrowings		(1,000)	
Contract liabilities		(27,342)	
Notes and accounts payble		(18,779)	
Other payables		(36,272)	
Current lease liabilities		(3,377)	
Other current liabilities		(1,649)	
Non-current lease liabilities		(10,307)	
Deferred income tax liabilities		(30,132)	
Other non-current liabilities		(3,565)	452,807
Goodwill		\$	167,851

3) Intangible assets

The above customer relationships, proprietary technology and others are amortized on a straight-line basis over the estimated future economic useful life of 13.96 years, 5 years, and 5 years, respectively.

Goodwill arising from the acquisition of GRANDSYS is due to the control premium, the synergies of the combination, future market development and value of workforce, neither of which qualifies as an identifiable intangible asset. None of the goodwill recognized is expected to be deductible for income tax purposes.

4) Pro-forma information

From the acquisition date to December 31, 2024, the operating results of GRANDSYS have been included in the consolidated statements of comprehensive income of the Group. It had contributed the operating revenue of \$286,959 thousand and the net profit of \$20,982 thousand. If this acquisition had occurred on January 1, 2024, the Group estimates that pro-forma operating revenue and net loss would have been \$18,387,333 thousand and \$16,775 thousand for the years ended December 31, 2024 and 2023, respectively.

- (ii) Acquisition of the subsidiary-Brainstorm
 - 1) Acquisition of consideration transferred of the subsidiary

On October 2, 2023, the Group acquired a total of 35.09% of common shares and preferred shares of Brainstorm by cash (amounting to \$530,075 thousand) from DFI. It resulted in the Group to hold 55.29% of the voting rights at the shareholders' meeting of, and obtain the control based on Brainstorm's Article of Incorporation. Therefore, Brainstorm has been included in the Group' s consolidated financial statement from October 2, 2023. The Group acquired Brainstorm to strengthen the structure of overseas business, better understand the demand of end customers and expand the scope of cross-border sales.

2) Identifiable net assets acquired

The following table summarized the carrying amount of Brainstorm's identifiable assets acquired and liabilities assumed recognized at October 2, 2023:

Consideration transferred:			
Cash		\$	530,075
Non-controlling interests			716,362
Less: Carrying amounts of identifiable assets an liabilities acquired:	d		
Cash and cash equivalents	\$	166,876	
Notes and accounts receivable		518,925	
Inventories		957,328	
Prepayments		15,495	
Other current assets		3,538	
Property, plant and equipment		17,569	
Right-of-use assets		24,815	
Intangible assets		603,387	
Deferred income tax assets		26,697	
Other non-current assets		979	
Short-term borrowings		(29)	
Notes and accounts payable		(935,363)	
Other payables		(16,255)	
Current lease liabilities		(20,650)	
Other current liabilities		(3,128)	
Non-current lease liabilities		(5,317)	
Deferred income tax liabilities		(126,628)	1,228,239
Add: Exchanges differences on translation of foreign financial statements due to			
acquisition		—	36,637
Capital surplus		\$	54,835

The combination is an organizational reorganization under common control. Accordingly, the difference between the consideration paid and the carrying amount of the net identifiable assets of Brainstorm is debited to the capital surplus of \$54,835 thousand.

(i) Changes in ownership interest in a subsidiary

On March 31, 2023 and October 31, 2023, the Group paid \$515 thousand and \$344 thousand, respectively, for 30 thousand and 20 thousand shares from GLOBAL INTELLIGENCE NETWORK's original shareholders. Therefore, the Group's shareholding ratio increased to 79.81%, and capital surplus increased by \$28 thousand due to changes in equity.

(j) Material non-controlling interests of subsidiaries

The material non-controlling interests of subsidiaries were as follows:

		Proportion of no interests in owner		Proportion of non-controlling interests in voting rights		
Name of subsidiaries	Primary business premises/country of registration	December 31, 2024	December 31, 2023	December 31, 2024	December 31, 2023	
Brainstorm	USA	64.91 %	64.91 %	44.71 %	44.71 %	
GRANDSYS	Taiwan	59.85 %	- %	59.85 %	- %	

The following information on the aforementioned subsidiaries has been prepared in accordance with the IFRS endorsed by the FSC. Included in these information are the fair value adjustments made during the acquisition and relevant difference in accounting principles between the Group as at the acquisition date. Intragroup transactions were not eliminated in this information.

(i) Impairment test on goodwill

The Group evaluated the recoverable amounts of its goodwill, which is based on its value-inuse, for impairment testing at the reporting date. The calculation of value in use is based on the cash flows of the financial forecast for the next five years as estimated by the management based on the future operation plan, and is calculated using the annual discount rates of 7.38% to 20.84% and 8.56% to 13.51% on December 31, 2024 and 2023, respectively, to reflect the specific risks of the related CGU.

- (ii) The Group identified its intangible assets from the acquisition of GRANDSYS and its subsidiaries for the year ended December 31, 2024. Please refer to Note 6(h) for details.
- (iii) As of December 31, 2024 and 2023, none of the intangible assets was pledged as collateral.
- (n) Prepayments

	December 31, 2024	December 31, 2023	
Prepayment for purchases	\$ 11,032	391,459	
Prepaid expenses and others	58,731	83,413	
	\$ 69,763	474,872	

In May 2023, due to customer's demand, the Group signed an information and communication equipment purchase contract with a supplier, at a total price of \$700,700 thousand, wherein the Group prepaid the amount of \$385,385 thousand in July 2023 and the amount of \$245,245 thousand in September 2024, respectively. The prepayment for purchase was reclassified as inventory in November 2024, following delivery and acceptance. As of December 31, 2024 and 2023, the prepayments of \$0 thousand and \$385,385 thousand, respectively, had been recognized.

As of December 31, 2024 and 2023, the advance receipts deriving from the above transactions of \$43,671 thousand and \$36,393 thousand, respectively, had been received by the Group from its customer and were recognized as contract liability.

(o) Notes and accounts payable

	De	cember 31, 2024	December 31, 2023	
Notes payable	\$	6,460	413	
Accounts payable		2,365,151	1,845,076	
Accounts payable-supplier finance arrangements		499,801	471,507	
	\$	2,871,412	2,316,996	

The Group participates in a supplier finance arrangement under which its suppliers may elect to receive early payment of their invoices from a bank. Under the arrangement, the bank agrees to pay amounts due to participating suppliers in respect of invoices owed by the Group and the Group repays the bank at a later date. The principal purpose of this arrangement is to facilitate efficient payment processing and provide the willing suppliers early payment terms, compared with the related invoice payment due date.

Terms and conditions stated in separate supplier finance arrangements entered into between the Group and different financial institutions are as follows: The payment term range for contracts signed is expected to be extended, on average, for participating suppliers as compared to the normal payment term range for other non-participating suppliers.

The Group has not derecognized the original trade payables relating to the arrangement because neither a legal release was obtained nor was the original liability substantially modified on entering into the arrangement. From the Group's perspective, the arrangement does not significantly extend payment terms beyond the normal terms agreed with other suppliers that are not participating; however, the arrangement does provide willing suppliers with the benefit of early payment. Additionally, the Group does not incur any additional interest towards the bank on the amounts due to the suppliers. The Group therefore includes the amounts subject to the arrangement within trade payables because the nature and function of these payables remains the same as those of other trade payables. All payables under the arrangement are classified as current as of December 31, 2024 and 2023.

As of December 31, 2024, the amount received by the suppliers participating in the supplier financing arrangements from financial institutions was \$303,074 thousand. For the year 2024, the payment term range for participating suppliers was 45 to 90 days after the invoice date, while for other major non-participating suppliers, a prepayment according to the contract to 45 days after the invoice date is applied.

There were no significant non-cash changes in the carrying amount of financial liabilities subject to supplier finance arrangements.

The payments to the bank are included within operating cash flows because they continue to be part of the normal operating cycle of the Group and their principal nature remains operating – i.e. payments for the purchase of goods and services. For the year ended December 31, 2024, the payments of 3,243,822 thousand, made by the bank to the Group's supplier were deemed as non-cash transactions.

- (p) Short-term borrowings
 - (i) The details of the Group's short-term borrowings were as follows:

	December 31, 2024	December 31, 2023	
Unsecured bank loans	\$3,051,583	2,839,536	
Range of interest rates at the end of period	<u>0.50%~14.75%</u>	1.68%~13.25%	

- (ii) The Group has no pledged any assets as collateral to guarantee the payment of short-term borrowings.
- (q) Short-term notes and bills payable
 - (i) As of December 31, 2023, there were no short-term notes and bills payable. As of December 31, 2024, the short-term notes and bills payable were summarized as follows:

	December 31, 2024				
	Guarantee or acceptance institution	Maturity period	Range of interest rates (%)	A	Amount
Commercial papers payable	DAH CHUNG BILLS FINANCE CORP.	2025.01	1.99%	\$	200,000
Less: Discount on short-tern	n notes and bills payable				(156)
Total				\$	199,844

- (ii) The Group has not pledged any assets as collateral to guarantee the payment of short-term notes and bills payable.
- (r) Other current liabilities

	Dec	ember 31, 2024	December 31, 2023
Refund liabilities	\$	13,231	18,679
Others		4,098	3,369
	\$	17,329	22,048

Refund liabilities were mainly derived from the amount expected to be paid to customers due to the right of return and sales discounts provided to customers after the goods have been sold.

- (s) Long-term borrowings
 - (i) The details of the Group's long-term borrowings were as follows:

_	December 31, 2024				
		Range of			
	Currency	interest rates	Maturity period	Amount	
Secured bank loans	NTD	1.98%~2.13%	2025.01~2039.03 \$	243,805

Total				<u></u>	243,722
Unused credit lines				\$	-

(ii) For the collateral and pledge for bank loans, please refer to Note 8.

(t) Lease liabilities

(i) The carrying amounts of the Group's lease liabilities were as follows:

	Dec	December 31, 2024	
Current	\$	82,724	82,199
Non-current		356,453	126,059
	\$	439,177	208,258

(ii) The amounts recognized in profit or loss were as follows:

	For the years ended December 31		
		2024	2023
Interest on lease liabilities	\$	26,696	3,402
Income from sub-leasing right-of-use assets	<u>\$</u>	61	1,139
Gains on lease modifications	\$	1,606	3

(iii) The amounts recognized in the statements of cash flows of the Group were as follows:

	For the years ended December 31		
		2024	2023
Interest payments for lease liabilities in operating activities	\$	(26,696)	(3,402)
Payments of lease liabilities in financing activities		(99,790)	(70,180)
Total cash outflow for leases	\$	(126,486)	(73,582)

(iv) Real estate leases

The Group leases buildings for its office and warehouse space. The leases typically run for 2 to 10 years. Some leases include an option to renew the lease for an additional period of the same duration after the end of the contract term.

(v) For the Group's leased right-of-use assets under operating leases, please refer to Note 6(u).

(u) Operating leases

The Group leases out its right-of-use assets. The Group has classified these leases as operating leases, because it does not transfer substantially all of the risks and rewards incidental to the ownership of the assets. Please refer to Note 6(1).

A maturity analysis of lease payments, showing the undiscounted lease payments to be received after the reporting date was as follows:

	De	December 31, 2024	
Less than one year	\$	-	1,159
1 to 2 years		-	1,174
2 to 3 years		-	1,174
3 to 4 years		-	1,174
4 to 5 years		-	391
	\$	-	5,072

- (v) Employee benefits
 - (i) Defined benefit plans
 - 1) Reconciliation of defined benefit obligation at present value and plan asset at fair value of the subsidiary, ADVANCEDTEK INTERNATIONAL, are as follows:

	De	cember 31, 2024	December 31, 2023
Present value of the defined benefit obligations	\$	(11,677)	(11,040)
Fair value of plan assets		16,043	14,580
Net defined benefit assets (liability)	\$	4,366	3,540

2) Reconciliation of defined benefit obligation at present value and plan asset at fair value of the subsidiary, GRANDSYS, are as follows:

		December 31, 2024		
Present value of the defined benefit obligations	\$	(16,374)		
Fair value of plan assets		14,576		
Net defined benefit assets (liability)	<u>\$</u>	<u>(1,798</u>)		

The Group makes defined benefit plan contributions to the pension fund account at Bank of Taiwan. Under the Labor Standards Act, each employee's retirement payment is calculated based on years of service and the average salary for the six months prior to retirement.

For the years ended December 31, 2024 and 2023, the Group recognized the pension expense of \$48 thousand and \$0 thousand for the defined benefit plans, and the return on plan assets (liability) recognize as other comprehensive income amounted to \$2,368 thousand and \$(532) thousand, respectively.

(ii) Defined contribution plans

The Company and its domestic subsidiaries allocate 6% of each employee's monthly wages to the Labor Pension personal account of the Bureau of Labor Insurance in accordance with the provisions of the Labor Pension Act. Foreign subsidiaries make contributions in compliance with their respective local regulations. Under these defined contribution plans, the Group allocates a fixed amount to the Bureau of Labor Insurance without additional legal or constructive obligation.

The Group's pension costs under the defined contribution method amounted to \$38,573 thousand and \$32,986 thousand for the years ended December 31, 2024 and 2023, respectively. Payment to the Bureau of Labor Insurance has been made.

- (w) Income taxes
 - (i) Income tax expenses (benefits):

Income tax expenses (benefits) are summarized as follows:

	For the years ended December 31		
		2024	2023
Current income tax expenses	\$	160,065	151,019
Deferred income tax benefit		(191,313)	(20,567)
Income tax expenses (benefits)	\$	(31,248)	130,452

(ii) The Group had no income taxes recognized directly in equity.

(iii) The amount of income tax recognized in other comprehensive income was as follow:

	For the years ended December 31		
		2024	2023
Items that will not be reclassified subsequently to profit or loss			
Remeasurements from defined benefit plans	\$	317	-

(iv) Reconciliation of income tax expenses (benefits) and profit (loss) before income tax was as follows:

	For the years ended December 31			
		2024	2023	
Profit (loss) before income tax	\$	(44,962)	708,177	
Income tax using each Company's domestic tax rate		(65,259)	139,293	
Undistributed earnings additional tax		2,278	628	
Non-deductible expenses		55,658	41,520	
Tax-exempt income		(3,500)	(2,346)	
Gains on valuation of financial assets		(21,570)	(45,585)	
Others		1,145	(3,058)	
Income tax expense (benefit)	\$ <u></u>	(31,248)	130,452	

- (v) Deferred income tax assets and liabilities
 - 1) The Group had no unrecognized deferred income tax liabilities, and the unrecognized deferred income tax assets were as follows:

Deductible temporary difference	Dec	ember 31, 2024	December 31, 2023	
Deductible temporary difference	\$	27,429	1,073	
The carryforward of unused tax losses		17,695	21,703	
	\$	45,124	22,776	

The R.O.C. Income Tax Act allows net losses, as assessed by the tax authorities, to offset taxable income over a period of ten years for local tax reporting purposes. Deferred tax assets have not been recognized in respect of these items because it is not probable that future taxable profit will be available against which the Group can utilize the benefits therefrom.

As of December 31, 2024, the information of the Group's unused tax losses for which no deferred tax assets were recognized are as follows:

	Unr	ecognized	
Year of loss	ta	x losses	Year of expiry
2016 (examined)	\$	29,914	2026
2017 (examined)		7,424	2027
2021 (examined)		14,321	2031
2022 (examined)		25,903	2032
2023 (filed)		5,580	2033
2024 (estimated)		5,335	2034
	\$	88,477	

2) Changes in the amount of deferred income tax assets and liabilities for 2024 and 2023 were as follows:

(vi) The Company's income tax returns have been assessed and approved by the R.O.C. tax authorities through the years to 2022.

(x) Capital and other equity

As of both December 31, 2024 and 2023, the Group's authorized shares amounted to \$2,500,000 thousand, divided into 250,000 thousand shares, with par value of \$10 per share. The issued 188,357 thousand shares comprised only ordinary shares, and all issued shares were paid up upon issuance.

(i) Capital surplus

The components of capital surplus were as follows:

		ecember 31, 2024	December 31, 2023	
Share capital premium	\$	1,134,185	1,134,185	
Treasury share transactions		54,637	54,637	
Difference arising from subsidiary's share price and its carrying value from acquisition or disposal		28,012	28,012	
Changes in equity of associates accounted for using equity method and others		6,061	2,546	
	\$	1,222,895	1,219,380	

According to the R.O.C. Company Act, capital surplus can only be used to offset a deficit, and only the realized capital surplus can be used to increase the common stock or be distributed as cash dividends in proportion to shareholders held. The aforementioned realized capital surplus includes capital surplus resulting from premium on issuance of capital stock and earnings from donated assets received. According to the Regulations Governing the Offering and Issuance of Securities by Securities Issuers, capital increases by transferring capital surplus in excess of par value should not exceed 10% of the total paid-in capital. The capital increases by transferring capital surplus in excess of par value shall be capitalized in the subsequent year after such capital reserve has been authorized for registration by the regulatory agency.

(ii) Retain earning

In accordance with the Article of Association, if there are earnings at year end, 10 percent should be set aside as legal reserve (unless the amount in the legal reserve is already equal to or greater than the total paid-in capital) and special reserve shall be appropriated or reversed, according to operating requirements or regulations of the Company, after the payment of income tax and offsetting the accumulated losses from prior years. The remaining portion will be combined with the earnings from prior years, and the Board of Directors can propose the distribution plan to be approved during the shareholders' meeting. The abovementioned distribution plan, by way of cash dividends, should be approved by the Company's Board of Directors and should be reported during the Company's shareholder's meeting.

As the Company is in its growth phase, it has adopted a residual dividend policy to pay the dividends after the end of the year from the earnings of the current year and the accumulated earnings from prior years. If there are earnings at year end and the current unappropriated retained earnings exceeded the lower of 2% of the capital stock, the distribution ratio for dividends shall not be less than 10% of the current unappropriated retained earnings after taking into consideration the Company's profit, capital structure, and future operating needs. Dividends are distributed as either cash or stock, where cash dividends represent no less than 10% of the total dividends and the actual amount distributed is based on the amount approved by the Board of Directors.

- (iii) Earning distribution
 - 1) Legal reserve

When a company incurs no loss, it may, pursuant to a resolution by a shareholders' meeting, distribute its legal reserve by issuing new shares or by distributing cash, and provided that the balance of the reserve exceeds 25% of the Company's paid in capital.

2) Special reserve

In accordance with FSC, when distributing distributable earnings, the Company records the net decrease in other shareholders' equity from profit after income tax for the current period plus the current-period unappropriated retained earnings not included in the current profit after income tax and prior undistributed earnings to be added to special earnings reserve. Similarly, a portion of undistributed prior-period earnings shall be reclassified as special earnings reserve (and does not qualify for earnings distribution) to account for cumulative changes to other shareholders' equity pertaining to prior periods. Amounts of subsequent reversals pertaining to the net reduction of other shareholders' equity shall qualify for additional distributions.

If the subsidiary continues to hold the stocks of its parent company in the end of the period, with a market value lower than the book value, the Company shall allocate its special reserve, pro-rata to the shareholding percentage thereof, in an amount equals to the difference between the market value and the book value; also, the special reserve may not be distributed. If the market value subsequently increases, the Company may reverse the amount of special reserve, pro-rata to the shareholding percentage, corresponding to the amount by which the value has increased.

3) Earnings distribution

On February 29, 2024, cash dividends in the distribution plan for 2023 had been approved at the Board of Directors meeting, and other items of earnings distribution had been approved in shareholder's meeting on May 31, 2024. The cash dividends of earnings distribution for 2022 had been approved at the Board of Directors meeting on February 23, 2023, and other items of earnings distribution had been approved in shareholder's meeting on May 24, 2023.

	For the years ended December 31		
	2023	2022	
Dividends to shareholders - cash, \$2.75 and \$2 per share	§ <u>517,983</u>	376,714	

On February 26, 2025, cash dividends in the distribution plan for 2024 had been approved at the Board of Directors meeting, and the relevant dividend distributions to shareholders were as follows:

Dividends to shareholders - cash \$0.60 per share	For the years ended December 31, 2024
Dividends to shareholders - cash, \$0.60 per share	\$ <u>113,014</u>

(y) Earnings per share

The Company's basic and diluted earnings per share were calculated as follows:

	For the years ended December 31			
		2024	2023	
Basic earnings per share:				
Profit attributable to the Company	\$ <u></u>	113,561	592,342

1) For the impairment of notes and accounts receivable (including long-term and related parties), please refer to Note 6(d).

2) The amounts of contract liability balance, recognized as revenue as of January 1, 2024 and 2023 at the beginning of the period, were as follows:

	For the	e years ended	December 31
	2	024	2023
Revenue Recognition	\$	270,094	268,622

- 3) The major changes in the balance of contract asset and liability is the difference between the time frame in the performance obligation to be satisfied and the payment to be received.
- (aa) Remuneration to employees and directors

In accordance with the Article of Association, once the Company has annual earnings, it should contribute 5% to 20% of the earnings as employee remuneration, and less than 1% as directors' remuneration. However, if the Company has accumulated deficits, the profit should be reserved to offset the deficit. Employees entitled to receive the aforementioned employee remuneration, in shares or cash, include the employees of the controlling or subsidiaries of the company who meet certain specific requirement. The aforementioned requirement and distribution methods should first be approved by the Company's Board of Directors or its authorized person. The Company estimated its remuneration to employees at \$14,486 thousand and \$63,591 thousand for the years ended December 31, 2024 and 2023, respectively, and estimated its remuneration to directors at \$1,358 thousand and \$5,962 thousand, respectively.

The aforementioned amounts were calculated using the Company's net income before tax, without the remunerations to employees and directors for each period, multiplied by the proposed percentage which is stated under the Company's proposed Article of Incorporation. These remunerations were expensed under operating costs or expenses for each period, related information is available on the website of the Market Observation Post System. The differences between the estimated amounts and the actual amounts approved by the Board of directors for 2024, if any, shall be accounted for as changes in accounting estimates and recognized in 2025. The actual amounts distributed for 2023 and the estimated amounts for 2023 in the financial statements were the same.

(ab) Non-operating income and expenses

(i) Other income

The Group's other income was as follows:

	For t	For the years ended December 31			
		2024	2023		
Rental income	\$	1,270	2,300		
Dividend income		17,488	11,718		
Government grants		3,509	-		
	\$	22,267	14,018		

(ii) Other gains and losses

The Group's other gains and losses were as follows:

	For the years ended December 3					
		2024	2023			
Net foreign exchange gains (losses)	\$	(35,494)	36,335			
Net gains on valuation of financial assets (liabilities) at fair value through profit or loss		145,445	220,357			
Losses on disposal of property, plant and equipment		(8,442)	(528)			
Gains on disposal of investment accounted for using equity method		44,823	-			
Others		24,565	6,035			
	\$	170,897	262,199			

(iii) Finance costs

The Group's financial costs were as follows:

	For	the years ended	December 31
		2024	2023
Interest on bank loans	\$	85,981	63,025
Interest on lease liabilities		26,696	3,402
	\$	112,677	66,427

(ac) Financial instruments

(i) Credit risk

A credit risk is the risk of having financial losses arising from counterparties failing to meet their required contract obligation. The major potential credit risks are from defaults from counterparties who fail to meet their required contract obligation.

1) Accounts receivable and other receivables

The Group's credit policy is transacting with creditworthy customers, and obtains collateral to mitigate risks arising from financial loss due to default if necessary. The Group assesses the ratings based on publicly available financial information and transactions records with its major customers. The Group continues to monitor the exposure to credit risk and the credit rating of counterparties, transaction amount to all qualified customers, and review annually the credit limit of counterparties, so as to manage risk exposure.

2) Other financial assets

The credit risk exposure in cash and cash equivalents, fixed income investments and other financial instruments are measured and monitored by the Group's finance department. As the Group deals with the banks and other external parties with good credit standing and financial institutions which are graded above investment level, the management believes that the Group does not have any compliance issues, and therefore, there is no significant credit risk.

The carrying amount of financial assets, represents the maximum amount exposed to credit risk. As of December 31, 2024 and 2023, the maximum exposure to credit risk amounted to \$5,556,765 thousand, and \$4,923,431 thousand, respectively.

(ii) Liquidity risk

The followings were the contractual maturities of financial liabilities, including estimated interest payment.

		Carrying amount	Contractual cash flows	Within 1 year	1~5 years	Over 5 years
December 31, 2024	_					
Non-derivative financial liabilities						
Long-term and short-term borrowings	\$	3,502,526	3,557,932	3,090,708	296,330	170,894
Short-term notes and bills payable		199,844	200,000	200,000	-	-
Lease liabilities (including non- current)		439,177	533,108	109,710	330,988	92,410
Notes and accounts payable		2,871,412	2,871,412	2,871,412	-	-
Other payables		466,368	466,368	466,368	-	-

Derivative financial liabilities						
Outflow		20	14,261	14,261	-	-
Inflow	_	-	(14,241)	(14,241)	-	-
	\$	7,494,295	7,643,788	6,751,449	629,035	263,304
December 31, 2023						
Non-derivative financial liabilities						
Long-term and short-term borrowings	\$	3,099,944	3,148,797	2,872,935	85,803	190,059
Lease liabilities (including non- current)		208,258	213,611	84,949	128,662	-
Notes and accounts payable		2,316,996	2,316,996	2,316,996	-	-
Other payables		446,831	446,831	446,831	-	-
Refund liabilities		18,679	18,679	18,679	-	-
Guarantee deposits		1,731	1,731	-	1,731	-
Derivative financial liabilities						
Outflow		21,994	914,383	914,383	-	-
Inflow	_	-	(892,389)	(892,389)		-
	\$_	6,114,433	6,168,639	5,762,384	216,196	190,059

The Group does not expect the cash flows included in the maturity analysis to occur significantly earlier or at significantly different amounts.

(iii) Currency risk

1) Exposure to currency risk

The Group's significant exposure of financial assets and liabilities to foreign currency risk was as follows:

		De	cember 31, 2024		De	ecember 31, 2023	
Financial assets	curi	oreign rency (in usands)	Exchange rate	NTD	Foreign currency (in thousands)	Exchange rate	NTD
Monetary items							
USD/NTD	\$	3,489	32.79	114,376	3,676	30.75	113,044
ZAR/NTD		-	-	-	53,289	1.66	88,299
Financial liabilities							
Monetary items							
USD/NTD	\$	29,167	32.79	956,233	26,666	30.75	819,974

2) Sensitivity analysis

The Group's exposure to foreign currency risk arises mainly from the translation of the foreign currency exchange gains and losses on cash and cash equivalents, notes and accounts receivable, other receivables, short-term borrowings, notes and accounts payable, and other payables denominated in foreign currency. To avoid the decrease in the value of foreign currency assets and fluctuations of future cash flows resulted from changes in exchange rates, the Group uses derivative instruments to hedge exchange rate risk (see Note 6(b)). An appreciation (depreciation) of 1% of the USD/ZAR against NTD as of December 31, 2024 and 2023 with all other variables including derivative financial instruments remaining constant, would have increased or decreased the loss before income tax by \$193 thousand and decreased or increased the profit before income tax by \$1,802 thousand, respectively. The analysis for both periods was performed on the same basis.

3) Foreign exchange gains and losses on monetary items

Since the Group has many kinds of functional currency, the information on foreign exchange gain (loss) on monetary items is disclosed by total amount. For years 2024 and 2023, foreign exchange gain (loss) (including realized and unrealized portions) amounted to \$(35,494) thousand and \$36,335 thousand, respectively.

(iv) Interest rate analysis

The details of interest-bearing financial instruments at the reporting date were as follows:

		Carrying	amount
	D	ecember 31, 2024	December 31, 2023
Variable-rate instrument:			
Financial assets	\$	1,289,620	811,322
Financial liabilities		(3,502,526)	(3,099,944)
	\$	(2,212,906)	(2,288,622)

According to the Group's sensitivity analysis of risk exposure to non-derivative instruments on the reporting date, if the interest rate had increased or decreased by 0.25%, with all other variable factors remaining constant, the Group's loss before income tax would have increased or decreased by \$5,532 thousand and profit before income tax would have decreased or increased by \$5,722 thousand for the years ended December 31, 2024 and 2023, respectively. This is mainly due to interest rate risk exposures on variable-rate bank deposits, long-term and short-term borrowings.

- (v) Fair value of financial instruments
 - 1) Types of financial instrument and fair value hierarchy

The fair value of financial assets/liabilities at fair value through profit or loss and financial assets at fair value through other comprehensive income is measured on a recurring basis. The following sets out carrying amount and fair value of the Group's financial assets and liabilities, including the information on fair value hierarchy but excluding financial instruments not measured at fair value with carrying amount reasonably close to their fair value, and lease liabilities, disclosure of fair value information is not required:

	December 31, 2024					
	C	arrying		Fair	value	
	1	amount	Level 1	Level 2	Level 3	Total

2) Valuation techniques for financial instruments measured at fair value

The fair value measurement of financial instruments is based on quoted market prices if these prices are available in an active market.

The measurements of fair value of equity instruments without an active market are based on the market comparable listed company approach and asset method. Market comparable listed company approach assumes that the fair value is measured by the investee' estimated net worth and the price-book ratio is estimated based on comparable quoted market price. Asset method assumes that assessing the total value of the investee's individual assets and liabilities to reflect the overall value, and estimating the consideration required to reconstitute or acquire the investee under the going concern assumption. The estimate of the fair value of equity instruments has been adjusted due to the effect of the discount arising from the lack of market liquidity of the equity security.

Discounted cash flow model is used to estimate the fair value of contingent consideration arising from business combination. The main assumption takes into consideration the possibility of occurrence to estimate the consideration for payment, by the discounted present value.

Measurement of the fair value of derivative instruments is based on the valuation techniques accepted by the market participants, such as the discounted cash flow or option pricing models. Fair value of forward exchange contracts is usually determined by the forward currency exchange rate.

3) Transfer between levels of the fair value hierarchy

There were no fair value measurements transferred in 2023. The Group holds an investment in equity shares of High Performance Information Co., Ltd., which is classified as fair value through other comprehensive income. The fair value of the investment was categorized as Level 3 as of December 31, 2023. This was because the shares were not listed on an exchange and there were no recent observable arm's length transactions in the shares. In October 2024, High Performance Information Co., Ltd. listed its equity shares on an Emerging Stock Board and they are currently actively traded in that market. Because the equity shares now have a published price quotation in an active market, the fair value measurement was transferred from Level 3 to Level 1 of the fair value hierarchy as of December 31, 2024.

4) Reconciliation of Level 3 fair values

	Mea	sured at fair profit (Measured at fair value through other comprehensive income
	fina	erivative ncial assets abilities)	Non-derivative financial assets (liabilities) measured at fair value through profit or loss	Equity instruments without an active market
January 1, 2024	\$	(21,616)	693,057	118,189
Acquisition		-	-	2,000
Recognized in profit or loss		37,594	107,851	-
Recognized in other comprehensive income		-	-	(30)
Transferred out of Level 3		-	-	(118,189)
Effects of exchange rate changes		28	<u> </u>	
December 31, 2024	\$	16,006	800,908	1,970
January 1, 2023	\$	(13,307)	447,700	-
Acquisition		-	17,431	74,830
Recognized in profit or loss		(7,569)	227,926	-
Recogized in other comprehensive income		-	-	43,359
Effects of exchange rate changes		(740)		
December 31, 2023	\$	(21,616)	693,057	118,189

The aforementioned total gains and losses that were recognized in "other gains and losses" and "unrealized gains and losses on financial assets at fair value through other comprehensive income". The gains or losses attributable to the assets and liabilities held on December 31, 2024 and 2023 were as follows:

	For the years ended December 31		
		2024	2023
Total gains and losses			
Recognized in profit or loss (recognized as other gains and losses)	\$	123,857	206,310
Recognized in other comprehensive income (recognized as unrealized gains and losses on financial asset at fair value through other			
comprehensive income)		(30)	43,359
	\$	123,827	249,669

5) Quantified information on significant unobservable inputs (Level 3) used in fair value measurement

The Group's financial instruments that use Level 3 inputs to measure fair value include financial assets (liabilities) measured at fair value through profit or loss, financial assets measured at fair value through other comprehensive income, and derivative financial instruments.

The fair value of derivative financial instruments resulted from the quotation of a third party and did not use any unobservable inputs in its calculation. Therefore, the Group did not disclose the quantitative information about significant unobservable inputs and sensitivity analysis.

Quantified information on other significant unobservable inputs was as follows:

Item	Valuation technique	Significant unobservable inputs	between significant unobservable inputs and fair value measurement
Financial assets at fair value through profit or loss- investments in equity instruments without an active market	Comparable companies approach	 Market liquidity discount rate (25.00%~26.92% as of December 31, 2024, 25.00%~30.00% as of December 31, 2023) 	• The higher the market liquidity discount rate, the lower the fair value

Interrelationship

Item	Valuation technique	Significant unobservable inputs	Interrelationship between significant unobservable inputs and fair value measurement
Financial assets at fair value through profit or loss- investments in equity instruments without an active market	Asset Method	• Net Asset Value	• The estimated fair value would increase if the net asset value were higher.
Financial assets at fair value through other comprehensive income- investments in equity instruments without an active market	Comparable companies approach	 Market liquidity discount rate (17.39% as of December 31, 2023) 	The higher the market liquidity discount rate, the lower the fair value
Financial assets at fair value through other comprehensive income- investments in equity instruments without an active market	Asset Method	• Net Asset Value	The estimated fair value would increase if the net asset value were higher.
Financial liabilities at fair value through profit or loss- Contingent considerations arising from business combinations	Discounted cash flow method	 Discount rate (8.56%~13.51% as of December 31, 2023) 	• The higher the discount rate, the lower the fair value

6) Fair value measurements in Level 3 – sensitivity analysis of reasonably possible alternative assumptions

The Group's measurement on the fair value of financial instruments is deemed reasonable despite different valuation models or assumptions may lead to different results. For fair value measurements in Level 3, changing one or more of the assumptions would have the following effects on profit (loss) and other comprehensive income:

		Current profit from changes	in fair value	Other comp income ari changes in	sing from fair value
	Inputs	10% increase	10% decrease	10% increase	10% decrease
December 31, 2024			uttreast	IIICI Case	uccicase

(ad) Financial risk management

(i) Overview

The Group is exposed to the following risks arising from financial instruments:

- 1) Credit risk
- 2) Liquidity risk
- 3) Market risk

This note expressed the information on risk exposure and objectives, policies and process of risk measurement and management of the Group. For more details about the quantitative effects of these risk exposures, please refer to respective notes in the report.

(ii) Structure of risk management

The Group's risk management policies are established to identify and analyze the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities, so as to minimize risk exposure.

The Board of directors oversees how management monitors compliance with the Group's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Group. The Board of directors is assisted in its oversight role by an internal auditor. The internal auditor undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Board of directors.

(ae) Capital management

The Board's policy is to maintain a strong capital base, in order to maintain investor, creditor, and market confidence. Capital consists of ordinary shares, capital surplus, retained earnings, and noncontrolling interests. As of December 31, 2024, the Group had sufficient capital to meet the needs for working capital and other expenditure in the next 12 months. The Group's approach to capital management has not changed on each reporting date.

As of December 31, 2024 and 2023, the debt ratios were 62% and 56%, respectively.

(af) Investing and financing activities not affecting current cash flow

For the years ended December 31, 2024 and 2023, the Group's investing and financing activities, not affecting the current cash flow, were as follows:

(i) For the acquisition of right-of-use assets by lease, please refer to Note 6(1).

(ii) The reconciliation of liabilities arising from financing activities was as follows:

	J	anuary 1, 2024	Cash flows	Non-cash changes	December 31, 2024
Long-term borrowings	\$	260,408	190,535	-	450,943

Key management personnel	Key management personnel of the Group

Note 1: On August 19, 2024, the Company was no longer deemed as a substantial related party of the Group due to the resignation of its key management personnel of COREX, the subsidiary of the Group.

- (c) Significant related-party transactions
 - (i) Sales

The amounts of significant sales by the Group to related parties were as follows:

	For the years ended December 31		
	2024	2023	
Parent company	\$ 4,385	10,229	
Associates	-	2,625	
Other associates	149,982	129,256	
Other related parties	210,988	159,588	
	\$ <u>365,355</u>	301,698	

The selling price offered to related parties approximated the market price, and the credit terms. For the years ended December 31, 2024 and 2023 were based on terms ranging from advance receipt to 120 days after the end of the month. Receivables from related parties were not pledged as collateral, and no allowance was needed to provide for impairment loss after assessment.

(ii) Purchases

The amounts of significant purchases by the Group from related parties were as follows:

	F	for the three me Decemb	
		2024	2023
Parent company	\$	842	999
Other associates		33,771	10,863
	\$	34,613	11,862

Purchase prices and payment terms from related parties were not significant difference from third-party suppliers. The payment terms for the years ended December 31, 2024 and 2023 ranged from 30 to 90 days from the end of the month.

(iii) Receivables from related parties

The receivables due from related parties were as follows:

Account	Category of related party	Dec	ember 31, 2024	December 31, 2023
Accounts receivable	Parent company	\$	526	212
Accounts receivable	Associates		-	520
Accounts receivable	Other associates		26,593	20,987
Accounts receivable	Other related parties		65,319	39,855
		\$	92,438	61,574

(iv) Payables to related parties

The payables to related parties were as follows:

Account	Relationship	Dece	ember 31, 2024	December 31, 2023
Accounts payable	Parent Company	\$	353	-
Accounts payable	Other associates		4,500	883
		\$	4,853	883

(v) Contract liabilities

The advance receipts from related parties were as follows:

Relationship	December 31, 2024			
Parent Company	\$ -	236		
Other associates	5,096	5,973		
Other related parties	 500			
	\$ 5,596	6,209		

(vi) Prepayments

The prepayments to related parties were as follows:

		December 51	, December 51,
Account	Relationship	2024	2023
Prepayments – prepayment for	Other associates	\$4,20	0
purchases			

(vii) Property Transactions

The Group purchased solar power generation system from other associate for the year ended December 31, 2024, with a total price of \$7,250 thousand, recorded as property, plant, and equipment under office equipment and others. The related payments for the aforementioned transaction have been fully settled.

(viii) Lease

The Group rented buildings from its other related party and entered into lease contract by reference of the rental price of the nearby offices. For the years ended December 31, 2024 and 2023, the Group recognized the interest expenses amounted to \$755 thousand and \$349 thousand. As of December 31, 2024 and 2023, the balance of lease liabilities amounted to \$0 thousand and \$2,009 thousand, respectively.

(ix) Donation

For the years ended December 31, 2024 and 2023, the Group made donations of \$0 thousand and \$2,000 thousand, respectively, to its substantive related party, BenQ Foundation.

(x) Acquisition of the subsidiary

The Group had acquired 35.09% shareholdings in Brainstorm from other associates, DFI, at the total price of \$530,075 thousand in October 2023. The price had been paid in full.

(xi) The Group's subsidiary, Brainstorm, obtained financing from financial institution as of December 31, 2024 and 2023, with its director serving as the joint guarantor.

D. 11 D. 11

(xii) Miscellaneous transactions

In addition to the above transactions, the amounts of other significant outstanding balances by related parties were as follows:

	 Cost and e	xpense	Other payables			
	For the year December		December	December		
	2024	2023	31, 2024	31, 2023		
Parent Company	\$ 553	819	184	310		
Associates	-	5	-	-		
Other associates	1,056	3,381	507	167		
Other related parties	 99,196	82,482		639		
	\$ 100,805	86,687	<u> </u>	1,116		

(d) Key management personnel compensation

Key management personnel compensation comprised:

	For	the years ended	December 31	
		2024	2023	
Short-term employee benefits	\$	115,751	81,857	
Post-employment benefits		1,528	1,069	
Termination benefits		-	-	
Other long-term benefits		-	-	
Share-based payment			-	
	\$	117,279	82,926	

(8) Pledged assets

The carrying amounts of the assets which the Group pledged as collateral were as follows:

Asset Name	Liabilities secured	December 31,	December 31,
	by pledged	2024	2023
Property, plant and equipment	Long-term borrowings	\$ <u>490,953</u>	488,192

(9) Significant commitments and contingencies

(a) The promissory notes, issued by the Group for loans from financial institutions, forward exchange transactions, and purchase limits, are detailed as follows:

	Currency]	December 31, 2024	December 31, 2023
Promissory notes issued	NTD	\$	6,679,665	6,132,000
	USD	\$	15,000	9,500

(10) Losses due to major disasters: None

(11) Subsequent events: None

(12) Others:

(b) The summary of employee benefits, depreciation, depletion and amortization, by function, was as follows:

	For the year	s ended Decemb	er 31, 2024	For the year	rs ended Decemb	er 31, 2023
By function By item	Operating costs	Operating expenses	Total	Operating costs	Operating expenses	Total

(In Thousands of New Taiwan Dollars)

Note1: The above investment amounts were translated based on the USD exchange rate at the reporting date, which was 32.79.

Note2: The investee in mainland China is directly invested by GRANDSYS. Note3: The equity investments have already been eliminated during preparing the consolidated financial statements.

(ii) Upper limit on investment in Mainland China:

Accumulated Investment in Mainland China as of December 31, 2024	Investment Amounts Authorized by Investment Commission, MOEA	Upper Limit on Investment
68,849 (USD 2,100 thousand)	68,849 (USD 2,100 thousand)	2,444,291

Note1: The above investment amounts were translated based on the USD exchange rate at the reporting date, which was 32.79.

The above investment income(losses) in Mainland China were based on the audited results of other auditors.

(iii) Significant transactions:

There were no significant inter-company transactions with the subsidiary in Mainland China for the year ended December 31, 2024.

(d) Major Shareholders:

Unit: Shares

Major shareholder's name	Shareholding	Shares	Percentage
Qisda		96,841,239	51.41 %

(14) Segment information:

(a) General information

The Group has four reportable product line segments: ICT Infrastructures, Computing & Data Utilization, Digitalization, and Clouds, Software and Services. The ICT Infrastructures segment distributes and resells products from Cisco and other brands; the Computing & Data Utilization segment distributes and resells products from Dell, and own products from Skytech Gaming; the Digitalization segment distributes and resells products from Red hat, Oracle, and other brands; and the Clouds, Software and Services segment distributes and resells cloud products from Google and other brands, provides technical support, after-sales services and market research, as well as survey services. It also generates revenue incurred from the installation and support of software and hardware, foreign domain integration, as well as market survey, information system integration, design, import and consulting.

The Group's reported segments consist of strategic business units which provide different products and services. Since each strategic business unit requires different technology and marketing strategies, it must be administered separately.

(b) Information for reportable segment profit or loss, segment assets and their measurement and Reconciliations

The Group did not allocate operating expenses, income tax expense, and non-operating income and expenses to reportable segments. The reported amount is the same as the amount of the financial statements used by operating decision makers.

The measurement of the profit or loss of the Group's operating segments was based on gross profit from operation, which has also been taken as the basis of performance evaluation. The accounting policies for the operating segments are the same as those in the summary of significant accounting policies described in note 4. Besides, sales and transfers between the segments are regarded as second party transactions and are measured based on current market prices.

Other segments of the Group mainly sell communications equipment, new energy product and provide education training services. For the years ended December 31, 2024 and 2023, the aforementioned segments did not reach the quantitative thresholds of a reportable segment.

The Group's operating segment information and reconciliation are as follows:

		For the year ended December 31, 2024						
Revenue	Infr	ICT rastructures	Computing & Data Utilization	Digitalization	Clouds, Software and Services	Other products	Reconciliation and eliminations	Total
Revenue from external								
customers	\$	3,648,208	10,523,472	1,028,036	3,124,156	53,606	-	18,377,478
Intersegment revenues		23,228	59,114	3,363	130,746	-	(216,451)	
Total revenue	\$	3,671,436	10,582,586	1,031,399	3,254,902	53,606	(216,451)	18,377,478
Gross profit (loss)	\$ <u></u>	506,730	1,111,897	192,306	939,007	(44,200)	(322,181)	2,383,559

		For the year ended December 31, 2023							
Revenue	Infr	ICT astructures	Computing & Data Utilization	Digitalization	Clouds, Software and Services	Other products	Reconciliation and eliminations	Total	
Revenue from external									
customers	\$	4,380,393	11,894,411	876,857	2,345,635	316,424	-	19,813,720	
Intersegment revenues		28,373	97,572	5,574	70,618	-	(202,137)	-	
Total revenue	\$	4,408,766	11,991,983	882,431	2,416,253	316,424	(202,137)	19,813,720

(c) Geographic information

In presenting information on the basis of geography, revenue is based on the geographical location of customers, and non-current assets are based on the geographical location of the assets.

Revenue from the external customers:

	For the years ended December 31				
Geographic information		2023			
Taiwan	\$	12,966,246	12,725,033		
USA		5,142,116	6,257,314		
Africa		205,087	711,643		
Others		64,029	119,730		
Total	\$	18,377,478	19,813,720		

Non-current assets:

Geographic information	Dece	December 31, 2023	
Taiwan	\$	1,484,733	1,271,308
USA		897,352	621,671
Africa		124,971	117,830
Others		5,525	_
Total	\$	2,512,581	2,010,809

Non-current assets include property, plant and equipment, intangible assets, right-of-use assets, and other assets, but excluding financial instruments and deferred income tax assets.

(d) Major customers

The Group's revenues from a single customer did not exceed 10% of operating revenues in the statements of comprehensive income for the years ended December 31, 2024 and 2023, so the Group does not disclose any information on major customers.
